DISSERTATION

THE UNITARY EXECUTIVE AND THE PRESIDENTIAL SIGNING STATEMENT

Committee: Ryan Barilleaux (Chair), Patrick Haney, Richard Forgette, and Andrew Cayton

<http://www.ohiolink.edu/etd/view.cgi?miami1057716977>

Abstract: The presidential signing statement has been a significant device used by recent presidents to protect the prerogatives of the office and to advance the president's policy preferences on sections of a bill that have been left undefined by the Congress. Even though they have been used since the Monroe administration, they have gone largely unnoticed by political scientists. My dissertation fills in an important part of president power by detailing what the signing statement is, why it is used, and why it remains important today.
