Session Comments:

– They had good things to say. Collaboration is so necessary.
– Well done!
– Very relevant. Excellent discussion!
– Very well planned and delivered! Many good ideas. The presenters were fantastic and the moderator was very gracious.
– Would like more information on forming the partnership/set-up.
– Not as much “collaboration” as I’d hoped...more librarian cross-training to recognize and others limitations.
– Excellent detail about collaboration process.
– Great partnership – should be inspirational to others. Lots of time for questions and discussion. Very good presentation.
– I have been thinking for a long time about collaborating with area public libraries and this program reinforced my feeling that it would be a good idea. Now I just have to act on it.
