Embedded Librarianship in the LMS Survey

1. What is your job title?

2. Is embedded librarianship a part of your responsibilities?

3. Choose the following description that best fits your institution:

4. Where is your institution located?

5. Are librarians at your institution currently collaborating with faculty in the LMS?

6. Which LMS are you using (or have you used) with embedded courses at your institution?

7. When did you start your embedded librarian program?

8. How many MLS librarians are employed at your institution?

9. How many MLS librarians at your institution are embedded in LMS courses?

10. On average, how many individual course sections is each embedded librarian responsible for during a semester?

11. What does embedded librarianship include at your institution?

12. What types of courses do you embed in?

13. How do you market your embedded services to faculty?

14. How do you assess your embedded librarian efforts?

15. What favorable comments have faculty and students made about the embedded librarian service?

16. What challenges have you had to overcome to implement an embedded librarian program at your institution?

17. In the next 12 months, I expect that our embedded librarian program will . . .

18. How do you hope to change your embedded librarian program in the next 12 months?

19. Do you have any other comments about your embedded librarian experience?
